# Who is Allport Editions?

Allport Editions was launched in Ardys Allport's garage in 1982. Ardys owned an art gallery where she showcased new and upcoming artists like Robin Eschner, Robert Longo, and Wayne Thiebaud. Her goal was to make art accessible to everyone by publishing affordable notecards and prints of unique works of art in her gallery.

## We continue the legacy:

- Woman- and AAPI-owned
- Diverse, indie artists
- Fine, hand-rendered artwork
- Lovely cards, tea towels, & puzzles!

The lifeblood of this industry is *people* and our goal is to help everyone PROSPER. We've built extra margin into all of our pre-priced cards so every time you sell Allport products, **you make more money!**

We're a small team of 12 humans (and two dogs!) and we support other American small businesses by sourcing all materials in the US.

## We're committed to:

- Sustainable & 100% PCW papers
- Non-toxic, water-based inks & glues
- Processing chlorine- & chemical-free
- Producing everything in the USA!

# What our customers say:

“The cards are beautiful and so is this company.

I've been purchasing from Allport since 2015; my customers and I love the quality and value of their lovely cards and other products. I can't say enough nice things about all the folks there that I've had the pleasure to work with all these years. They are the best.”

- Kat, Merrily & Co (NY)

“A great selection of cards with wonderful artwork. Very helpful with our questions. Our customers are discovering some of the wonderful artists offered by this company, and coming back for more!”

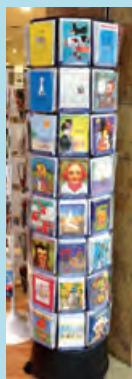

- Julie, Hamann's Gallery (WA)

“We love Allport Editions! Their products are a great quality and price, fulfillment times are quick, and their customer service is top notch. They are one of our favorite local small businesses we order from year after year.”

- Janet, Oregon Nature Store (OR)

“Wonderful products for our Museum store! Ordering from Allport Editions is a great experience. We love the genuine, personal touches that go along with their service. They make you feel like an actual person and not just an order number. The cards, notecards, and kitchen towels are beautiful!”

- Janet, Channel Islands Maritime Museum (CA)

# Karen Wysopal ARTIST SPOTLIGHT

KAREN WYSOPAL is a Boston native and self-taught painter living in Corvallis, Oregon. She works in various mediums, primarily in alcohol ink; a vibrant, fast-drying ink known to make stunning designs on non-porous surfaces. Karen's paintings are born of "curiosity and experimentation - a piece is complete for me when it speaks of something beyond the materials that make it up." Karen traces her artistic roots to childhood, sketching her pets and scenery around her home. At age nine, her illustrated story, "Gerbils and Other Stories" was published in *Big Rock Candy Mountain*. Her work has since been exhibited in numerous galleries in Oregon and California, and has been licensed for book covers. Scan the QR code to learn more about Karen:

KIM CONWAY lives in a Montana cabin surrounded by birds, foxes, and the occasional bear - animals that are lovingly depicted in all of her artwork. Kim crafts her hand-rendered greeting card designs in a playful and colorful cut-paper collage style. She loves the “process of exploration inherent in creating the individual layers” of each new work. When not creating art, Kim spends time gardening, hiking, and floating down the river. TWO CAN is a collaboration between Patti Gay and her son Noah, who is autistic. Noah creates painted textures that become the palette from which Patti creates beautiful, layered images. In addition to his fingers, Noah employs sponges, brushes, rollers, spray bottles and bubbles to create textures using acrylics, watercolor, gouache, foam, and more! Patti then manipulates these textures into fun animal portraits. Scan QR code to learn more and see Two Can's Holiday Collections online:

**BD:** Happy Birthday

SUIBOKUGA (ink-wash) or “literati painting” uses Japanese sumi ink on washi paper with gold leaf. Traditionally the art of master calligraphers, artist Tadashi’s use of Suibokuga is inspired by modern life: he tries to express the “things one cannot sense with the eyes alone - summer flowers, starry skies, clouds at sunset.” **Tadashi’s cards are embellished with gold foil.** See more online:

# BLANK & BOXED Father Arthur Poulin

FATHER ARTHUR POULIN holds the unique distinction as the only monk in the Allport family of artists. Painting at the Incarnation Monastery in Berkeley, CA, Father Arthur strives to reflect the “stunning, sacred beauty that is mirrored everywhere in Creation.” His landscapes take months to complete, starting with 25 layers of black gesso on each canvas before using the smallest of brush strokes to add color and texture. See his birthday designs on page 5 or see his whole collection online at:
