Publisher and Distributer of Greeting Cards

January 2026 Catalog

WELCOME TO THE 2026 CALYPSO CARDS CATALOG —

a celebration of creativity, quality, and thoughtfully made paper goods. We're proud to represent an eclectic portfolio of UK publishers whose work inspires us, as well as our expanding family of in-house lines designed with a distinctly Calypso sensibility.

Sustainability is central to our mission. Our original collections are printed locally in the United States on FSC-certified and responsibly sourced papers, using printing processes powered by renewable sources of energy. This allows us to reduce our environmental footprint while supporting skilled printers and craftspeople in our own communities. Many of our international partners share these commitments, prioritizing recyclable packaging, responsible manufacturing, and eco-conscious materials.

As you browse our new releases and perennial favorites, we hope you feel the creativity, care, and intention behind every piece. Thank you for choosing to bring Calypso Cards into your stores—and for supporting high-quality, responsibly made design.

A NOTE FROM OUR OWNER

Thank you for taking a moment to explore our newest catalog. Stepping into Calypso Cards as the new owner this year has been an incredible honor. Like so many in our industry, I've admired Calypso for years—its eye for design, its commitment to quality, and the sense of warmth that runs through everything it creates.

I'm grateful that Nicky Burton, Calypso's founder, continues to be an essential part of our story. Nicky has transitioned into the role of Creative Director, where her vision and artistic leadership continue to guide our collections. Calypso wouldn't be Calypso without her, and I'm proud to carry this legacy forward alongside her.

As a small, minority-owned business entering a new chapter, we're focused on building thoughtfully and boldly—growing our in-house lines, strengthening our partnerships, and creating products that make people feel seen and connected.

Thank you for supporting us, believing in our work, and sharing this journey with us. There is so much to look forward to, and I'm excited for what we'll build together.

Warmly,
Dalton F. Laluces

Curly Girl Design is an excellent complement to the rest of Calypso family of brands. We recommend continuing to display Curly Girl Design and Calypso Cards' other brands separately as this will have a greater impact on your customers and result in stronger sales. Curly Girl Design founder Leigh Standley was named **Writer of the Year** in 2021, winning the Greeting Card Association's most coveted Louie Award. Leigh and I both believe in the power of the written word to bring people together.

In the catalog you will see Curly Girl Design integrated into our occasions categories where the card is an obvious fit for the occasion. However, these cards are better categorized as "Celebration" or "Support", so we included them all again after the occasions, sorted numerically, and we have header cards available to indicate these categories.

In this section you will find the complete collection of Curly Girl Design cards laid out numerically. Square cards require extra postage.

We work with display manufacturers to make sure **you pay the best possible price, and we offset the cost with a 15% discount off the cards**, making most displays free if cards are purchased in 12s. Cards may be ordered in 6s, and in this case, the discount will partially offset the cost of the display.

All card displays ship with a branding header sign.

All cards are available with pocket headers to indicate the occasion; these ship automatically with a new display order. If you need them on an ongoing basis, please request.

Each pocket holds one dozen cards with envelopes. Wider pockets are available for square Curly Girl cards.

Please see insert for details of display pricing and offsets. Prices subject to change.

We offer pre-selected bestseller assortments for customers who prefer not to make their own selection.

We recommend continuing to display Curly Girl Design and Calypso Cards' other brands separately, as that will have a greater impact on your customers and result in stronger sales. To quote Laura, a Fort Myers retailer *"The Curly Girl display was the best investment. It doubled our sales and customers love that they are housed together"*. Our recommended Icon display comes in several configurations – 18, 48, 56, 72 and 80-pockets – and the pockets can be ordered to accommodate Curly Girl Design's wider square cards, as shown here.

We can also fill 12 feet
of inline space.

HOW SALES REPS CAN HELP

Our goal is to make it as easy as possible for you, our retailers, to order and sell our cards. We recognize that now perhaps more than ever store owners are short-staffed and trying to do it all, and being able to order online late at night or weekends is a huge plus. You can order through your local rep, from our catalog, on our website: www.calypsocards.com, or on FAIRE: www.calypsocards.faire.com.

While we understand the convenience of ordering on your own, there are advantages to working with a sales rep:

- 1. Our reps have samples** and, beautiful as our catalog is, nothing compares to seeing and touching the cards themselves and feeling the quality.
- 2. Product knowledge.** They can guide you to bestsellers and tell you what works well in other stores.
- 3. Territory knowledge.** They can help make sure you do not carry the same cards as another store nearby.
- 4. They have access to promotions and specials** that we offer only through reps.
- 5. They can help with display options and suggestions.**
- 6. In case of a problem with your order** they can help sort it out.
- 7. They can provide service.** We can provide a report showing your most recent orders. With this report, your rep can make sure you have your bestselling cards in stock and indicate those that are sold out or low and might need to be reordered. Retailers who take advantage of our service report a significant increase in sales thanks to fewer empty pockets, not to mention the time they save!

It's not just about the product, it's about relationships, and trust and connection between people. Our reps will go the extra mile to ensure the success of your business. If you would like your local rep's contact info, please contact us.

If you usually work with a rep they will be commissioned no matter how you order.

Finally, a note about FAIRE to clarify what it means for your rep. We appreciate all FAIRE does to expand our reach.

We understand the convenience of ordering on FAIRE. At the same time, we want to protect our reps who work so hard.

If you order on FAIRE and have ordered from Calypso with your rep or on our website in the past, we can commission your rep. If your first order is placed on FAIRE we commission FAIRE on all orders you place through them going forward, unless you use our direct link on your first order: www.calypsocards.faire.com. If you do not use this link for your first order we cannot commission your rep on this or re-orders through FAIRE, no matter what service the rep may have provided.
