winter 2026 catalog

hello there!

Welcome to Counter Couture, a Denver-based studio where art and everyday living collide.

Founded by Kaelin and Richard, our small team creates art you can actually use: screen-printed glassware, textiles, and gifts built to stand up to daily life. Each product begins as a hand-drawn sketch by Richard and is screen-printed in-house with durable, eco-friendly inks.

Our designs are bold, giftable, and built to last — made in small batches using USA-sourced materials whenever possible.

Made to be used. Designed to be loved.
