*About HHP**LIFT™***

HHPLIFT™ is a non-profit building a movement through social impact products.

To do this, we curate luxe goods from around the world from artisans in fair trade practice settings. The expansion into new & larger channels of distribution provides these artisans with critical social services and a pathway to a sustainable livelihood.

Locally, through our **LIFT™** Program, we onboard people with barriers to employment to produce, design, and market our luxe bath, spa, and self-care goods.

All of products are beautiful quality, meticulously designed, and transform the lives of the people who create them.

Buy What You Believe In™ with HHP**LIFT.**

*About **LIFT™**, our workforce & employment program*

The **LIFT™** workforce consists of people with significant life barriers to employment, including those who've experienced homelessness, serial or extended unemployment, incarceration, gun violence (either as victims or perpetrators), people with physical disabilities, and young adults with neurocognitive differences.

Participants receive dignified employment, training, and resources tailored to their specific needs.

At the **LIFT™** workshop, these individuals have a variety of opportunities, depending on their abilities and interests. Some are trained to produce, design, and market **LIFT™** bath and self-care products. Others are training in shipping & fulfillment, kitting & assembly, computer software, and more.

The goal: a career at HHPLIFT™ and beyond.

IKI
COLLECTION
SMATERIA
Suddenly it's not waste anymore,
isn't that wonderful?

IKI

COLLECTION

HOW IT'S MADE MATTERS.

A new line of sustainable bags produced in-house with Smateria's cutting edge, recycled plastic-fusing method and made from industrial packaging waste.

Using this new recycled fabric, the IKI line comprises articles of function and fashion that not only catch the eye but are also lightweight, extremely strong, user friendly and vegan.

All IKI by Smateria products are designed by the founders themselves in Phnom Penh, Cambodia - where each piece is assembled by hand with a committed workshop team at Smateria HQ.

IKI is an exclusive experience that comes with a few extra special touches. Each item is fitted with a unique number tag telling you which number your bag is as well as the details of exactly how much plastic waste was used to create it and its environmental impact.
