EttaVee®

x RainCaper®

American artist Jessi Raulet began her love affair with color at the age of four and has been creating ever since. She is inspired by her life in France, travel adventures and pop culture.

Our EttaVee collaboration features many of Jessi's bold, beautiful artworks. In addition to florals, look for shimmering gold leaf, brushwork that evokes feathers, textured painted canvas, the glossy effect of paint underneath glass, and the unexpected whimsy of painted fruits.

ABOUT US

At RainCaper, we bring art to life on drinkware, stationery, gifts for the home, and of course, rainwear! We collaborate with museums to translate works of art into products that people want to own, while faithfully protecting the integrity of these master artworks.

Our licensed collection celebrates the work of American artists Jessi Raulet of EttaVee, Frank Lloyd Wright, and Laurel Burch.

The new 2024 collaboration with EttaVee features bold, beautiful florals in gold leaf & bright tones, colorful abstracts reminiscent of feathers, and unexpected whimsical painted fruits.

The Frank Lloyd Wright collection reimagines classic architectural designs in bright, modern colorways.

These American mid-century designs are broadly appealing.

Laurel Burch's unique style blends elements of folk art, tribal art, and fantasy. We celebrate her distinctive & colorful artwork, featuring flowers, cats, dogs, mares, and celestial designs.

WHY CHOOSE RAINCAPER?
