Responsible Sourcing

As a brand that cares about the future of our children we're committed to transforming our practices to make them as sustainable as possible in the long term.

We are already hard at work upgrading product ranges and packaging. We're reducing plastics and utilising FSC™ certified papers and wood wherever we can. Our knitted baby items are made with organic cotton and we have produced a range of compostable partyware that uses soy-based inks. We're even upgrading our glitters to use plant-based materials on our paper products. We have removed plastic coatings from all new paper table collections.

With every new product we create we're thinking about better processes. Sustainability is our goal.
