# TESTIMONIALS

★★★★★

## NORTH PINES MARKET - VERONICA

I say this to every customer; this is one of our top selling companies we brought in 4 years ago. Repeat customers constantly for our shower steamers. We have carried everything from soap, car diffusers, to lotion and it all sells well. The shower steamers are our customers go to gifts and for personal use.

Plus, the family who runs the company is always the best. If I am ever in a pinch they respond quickly. And coming from a package design background their packaging is professional, modern and clear!

★★★★★

## THE MUSTARD SEED - PEGGY

We have carried Twisted Tomboy Shower Steamers for many years. We are located in a rural community. Offering Shower Steamers gives our customers something they can't get anywhere else in town. We try to focus on family-owned, small businesses to provide our product inventory, and Twisted Tomboy fits that bill! We love the story of how the company got started and share it often with first time buyers.

★★★★★

## SWAN ISLAND DAHLIAS - HEATHER

We absolutely LOVE Twisted Tomboy and so do our customers! We can't keep the car diffusers in stock! They smell incredible, and the display sells them perfectly. We also sell the solid colognes along with the roll-perfumes. Orders ship extremely quickly, which is so crucial during the holidays. Excellent products and beautiful displays. You won't be disappointed that you ordered!

★★★★★

## EBB & FLOW BOUTIQUE - DANA

This brand is a sure winner in our store. Their packaging works perfectly with our store style -- understated and elegant. Products are attractively packaged, smell and feel great, and are well priced. We are repeat customers and will continue to stock from them.

## BEHIND THE BRAND

---

### THE FAMILY & FOUNDER OF TWISTED TOMBOY

Twisted Tomboy began in 2012 with a spark of entrepreneurial spirit from our then 11-year-old daughter, Savannah. Determined to fund her traveling soccer adventures, she dreamed up an online shop selling her handmade lip balms and sugar scrubs. What started as a small family project quickly blossomed into something extraordinary.

Before long, Twisted Tomboy products were being showcased at tradeshow across the country. Our collection of premium bath and body products found homes in resorts, boutiques, grocery chains, gift shops, hospitals, casinos, florists, and online retailers nationwide.

From the very beginning, our commitment to quality has defined who we are. We use only the finest ingredients and keep our formulations as natural as possible. Paired with our signature scents and wide product variety, that dedication has earned us the trust and loyalty of customers who return to Twisted Tomboy time and again.

Today, Twisted Tomboy continues to thrive under the care and creativity of not only Savannah, but parents—and company owners—Eric and Daphne. They keep the business running strong and continue to share their passion for handcrafted, high-quality products with customers across the country. Many of you may recognize them from tradeshow and markets, where they love connecting with longtime partners and new customers alike.

Savannah's brother, Jake, has also become an integral part of the Twisted Tomboy story. With his vision and drive, he helped develop our Sling & Stone men's line—now one of our top-performing collections.

Welcome to Twisted Tomboy—where craftsmanship, quality, and authenticity meet.
